

## Year 4 Homework Project - Term 6

This term, we continuing to learn about the Austrian artist, Hundertwasser.

As well as being a wonderful painter, he is also famous for his unique style of architecture (building designs!)

This term, we invite you to *design and build* a structure in the style of Hundertwasser.

You might decide to build a 3D model out of cardboard, clay or papier mâché. Or, you might decide to design something on Minecraft or on 2Animate (Purple Mash). The choice is entirely yours!

Bring in your finished project by Friday 10<sup>th</sup> July.
