

Optional Art Home Learning Project

Year 3 - Term 6

Project Due Monday 13th July.

In art this term, we have been learning about the artist Hannah Hoch and her inspiring collage work. For your home learning project this term we would like you to create a collage that features your favourite animal or even an animal that you have invented! Please be as creative as you like, using magazines, coloured paper and newspapers to help you. Below are some ideas to get you started.

Please be ready to bring your project into school on **Monday 13th July** so you can share it with your classmates.
